Thanks Jerimiah. Can we try to have a call on Wednesday? It would help me, as I'm booked for all-day mtgs in Boston on Thursday. Kate, maybe you can check the availability of your team for Wednesday and we can propose times to Jerimiah.

Let's try to talk later today.

Bob-

Attached are edits highlighted. Lem and I need to discuss one element of their proposed edits so that I can understand their position. I can discuss that with you tomorrow afternoon.

I do want to set a meeting with the EPA/DEQ technical teams on Wednesday afternoon or Thursday. After I hit send on this e-mail I will send a communication to DEQ to determine their availability. If EPA could determine times as well that would be helpful. I am not certain that we will come to conclusion this week on this issue, but I do not want it to slow down progress as the conversation continues.

My best.

Jerimiah – I just had a good conversation with Lem and hope to talk to him again before Friday.

Apparently, he is planning to talk to you today or tomorrow, at which time I believe he intends to comment on the latest draft. This would suggest that we won't get the draft until tomorrow at the earliest. Does that sound right?

We want to be sure we have sufficient time to review the draft – and if necessary comment back – before Friday.

We also will want to nail down the approach we take on RSLs and the eleven constituents we proposed. We're doing some more cogitation on that issue and may well want to have another call on Wednesday or Thursday.

Hope you're well.

Bob, Howard, Kate-

Just spoke with Encana. We are a go for next Friday at 1:00 p.m. Lem and I are going to discuss location again on Monday. We can discuss next Tuesday. Lem and I discussed attendees as well. I believe we are going to be in good shape there. My team is prepared to be there. They include:

Grant Black, Supervisor, Oil and Gas Conservation Commission

Bob King

Todd Parfitt

I still have not received changes from Encana. Let expects to have them to me this morning. I will review them and get out a document to all of the parties.

More to come.

My best.
